

CFO Group

Insert Client Needs Subheading

CFO Search for French International Transportation Company A French international transportation group has bought a Finnish Group 2 years ago. This acquisition doubled the size of the group in turn over and expanded their presence in Europe from the UK to Russia. At that time, the current CFO has to be replaced as he didn't have the skills to lead the transformation required by the new size of the group. The client wanted to hire a French person with an international CFO background in a large or middle size family owned group to fit the independent culture of the company.

Taplow Solution

We presented 3 candidates from having over 15 years of experience as CFO in European environment speaking 3 languages (French, English and German or Spanish or Italian) having experience in industrial, retail and services background.

Outcome

The candidate who has hired had extensive experience in food, life science and automotive industries in countries France, USA and Germany with language fluency in French, English and German. This ES assignment took place in 2018 and the candidate recruited is still the CFO for this European Group.
