

## Interim Finance Consultant

### Interim Finance Consultant – Denmark

The client required an immediate Interim Finance Consultant, possessing strong Accounting, Controller and Data Management expertise.

### Taplow Solution

The Client was looking for an experienced finance consultant for an exciting interim assignment in the city of Kastrup, Denmark. The role involves a broad range of responsibilities within accounting, controlling, and ongoing financial follow-up.

The person works closely with both the finance and operations departments, in a dynamic organization where the pace is fast and the tasks are varied.

The Client was looking for someone who:

- Had a minimum of 4 years' experience in accounting and controlling – preferably from small or mid-sized organizations
- Was highly proficient in Excel and used to working systematically with data, KPIs, and reporting
- Quickly adapts to new systems and procedures without losing attention to detail
- Outgoing and communicates easily with colleagues across the organization
- Worked independently, took ownership, and saw tasks through to completion

### Outcome

Candidates were given to the client within 10 days and the chosen candidate started within 3 weeks for a 1-year period.
